Light table with positioning line and suction assistance

Compatible with Fastbind FotoMount F32™/ F32e™ and Fastbind Perfect Binders

## Create professional hard covers and cases

Fastbind Casematic represents a revolution for on-demand hard cover making. In a short time, you can be producing high-quality books in a wide variety of formats, from A5 to A4. Once the cover is built, you can use a Fastbind binder to bind the content with either perfect binding or free-floating spine (lay-flat).

Fully featured and compact, this table top unit can fit naturally in any environment and cover all short runs and on-demand needs.

## Built-in light table

The amazing card boards positioning method makes it quicker than ever to register your cartons on the printed tacking cover: the light table includes unique suction assistance for placing the tacking papers, as well as a spine positioning line, scale and top line for the most accurate settings. Two 8 mm spineguides are included for easy positioning.

To complete this remarkable list of attributes, Fastbind Casematic also integrates a user friendly electric edge folding unit for easier operation. Anyone can create professional quality customized luxury book in minutes!

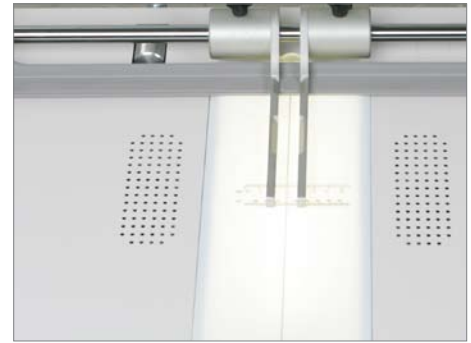

## Fastbind supply program

Fastbind can supply all the necessary materials to produce hard covers in a print-on-demand environment. The product family consists of printable tacking sheets (for laser or inkjet), adhesive endpapers, grey boards and laminating materials.
